Purpose and approved use

Element Esports retains ownership of every listed item. Equipment is loaned only to support approved content creation, streaming, competition, team media, event participation, or other specifically authorized organization activity. It may not be used for an outside commercial project without written approval.

Borrower responsibilities

Use reasonable care and manufacturer instructions; keep equipment secure; do not sell, pawn, pledge, permanently modify, disassemble, or remove identifying labels; do not install unlicensed software or bypass security controls; immediately report loss, theft, damage, malfunction, or account compromise; retain accessories and packaging; do not lend equipment to unapproved third parties; permit reasonable inspection; and return equipment whenever Element Esports requests it.

Condition, damage, loss, and liability

Return all items in substantially the same condition received, excluding reasonable wear from approved use. Responsibility for loss or damage is evaluated case by case, including negligence, intentional damage, unapproved third-party use, security failures, and whether required reporting occurred. Documented financial responsibility applies only where permitted by law; accidents and ordinary wear will be reviewed fairly.

Return, termination, and failure to return

Return equipment by the stated deadline, within seven calendar days after membership ends, or sooner if leadership reasonably requests it. Coordinate tracked shipping or an approved handoff, include every accessory, remove personal accounts, and preserve required organization records. Failure to return equipment may result in documented replacement charges where lawful, loss of future equipment eligibility, access restrictions, collection action, or legal recovery after reasonable notice.

Minors

Equipment may be issued to an eligible Creator or Academy/Development participant age 13-17 only after verified written guardian permission and guardian signature on this agreement. An equipment loan does not expand the minor's permitted role or authorize in-person participation.

Acknowledgment

The undersigned confirm that they reviewed the equipment record and completed terms. No unsigned or incomplete draft is an executed agreement.
